Terrie Daughtry

Full-Service Decorating & Design for Residential and Commercial Properties

WHAT DO YOU SPECIALIZE IN: “Our primary specialty is room makeovers. We utilize what the client already owns to it's best advantage and then we add complimentary pieces as needed. A new room in a day! Our biggest reward is to see the joyful expression on the client's face (*sometimes with happy tears*) when they walk into a whole new space at the end of the day. We also do custom interiors in every price range and light commercial projects like office spaces, lobbies, etc.”

OUR MISSION: “A totally satisfied client enjoying a beautiful and functional home that reflects their tastes and interests.”

WHAT IS YOUR GREATEST BUSINESS ACCOMPLISHMENT: “A client who loves coming home! I fondly remember one client's husband (*who was not so keen on hiring a decorator*) actually thanking me in a handwritten note for ‘changing his families lifestyle’. After their makeover, everyone in his family wanted to spend more time together at home.”

OUR COMPANY HISTORY: “My lifelong passion for interior design blossomed into a full-service home interiors business about ten years ago. And then four years ago, I opened *Shoestring Interiors and Gifts* retail home décor store in a quaint, little cottage in Old Town Keller where you can shop for eclectic home décor and gift items as you walk beneath the trees from store to store. We're open from 10-6 Monday through Friday and 10-5 on Saturdays. Stop in sometime and we'll show you around! *Love coming home.*”
